

# Iridium GO!

## Your Smart Phone Will Work Anywhere on the Planet

Iridium GO!™ creates the first ever reliable global connection for voice and data communications on your Smart phone or up to 5 mobile devices. No worries. No roaming charges. Just connected and in touch wherever you are, whenever you need, with the devices you rely on everyday. Iridium GO! enables satellite connectivity for your mobile devices where terrestrial networks cannot.

Simply flip up the integrated antenna and the battery-powered unit connects quickly and automatically to the Iridium LEO satellite constellation to create an anywhere Wi-Fi hotspot within approximately a 30.5 meter (100 foot) radius. You can easily connect and operate multiple devices within this area using the Iridium GO! application. Iridium GO! lets you use YOUR phone to make and receive calls over the Iridium satellite network anywhere in the world.
