

The GlobaFone Lease

Get the phones you need without the big upfront expense for the hardware.

Government agencies, First Responders, deployed teams and even non-profit missionaries rely on satellite phones to stay in touch, domestically and internationally, in some of the most dangerous and remote situations. When disaster strikes, or anytime you are off the grid you need satellite phones. Now you can have the phones you need without the big financial commitment. This will make your fiscal year budeting easy to fulfill.

The GlobaFone lease plan gives you reliable satellite communications WHEN & WHERE you need it
